NOW, THEREFORE: BE IT RESOLVED BY THE FIRE BOARD OF THE UPPER CAPTIVA FIRE PROTECTION AND RESCUE SERVICE DISTRICT, LEE COUNTY, FLORIDA, AS FOLLOWS:

SECTION 1. AUTHORITY. This Resolution of the Fire Board of the Upper Captiva Fire Protection and Rescue Service District (the "District"), an independent fire control district

under Chapters 189 and 191, Florida Statutes and Ch. 2000-33, Laws of Florida (District's Charter), located in Lee County, Florida, is adopted pursuant to Section 197.3632, Florida Statutes, and other applicable provisions of law.

SECTION 2. FINDINGS.

(A) The Fire Board of the Upper Captiva Fire Protection and Rescue Service District, Florida (the "Fire Board"), has previously stated its intention to use the Uniform Method for the levy, collection and enforcement of non-ad valorem assessments, and specifically the Upper Captiva Fire Protection and Rescue Service District Fire Services Non-Ad Valorem Special Assessment, an assessment for more than one year, but not exceeding ten years, within the area comprising the "Assessment Area" established by District Resolution Nos. 14-01 and 14-03, as authorized by Section 197.3632, Florida Statutes. Commencing in November 2015, this will allow such assessments to be collected annually and to be placed on the real property tax bills in the same manner as provided for collection of ad valorem taxes.

(B) The Assessment Area is the same as the District's Boundary, which is all of North Captiva Island, Lee County, Florida as more fully described in Exhibit A, attached hereto and incorporated herein.

(C) The Assessment was duly adopted by the Fire Board on March 15, 2014, and then approved by the voters in a mail-ballot referendum election on July 8, 2014.

(D) The Preliminary Assessment Resolution (Resolution 14-01) and Final Assessment Resolution (Resolution 14-03) contemplated the adoption of the Uniform Method provisions for levy, collection and enforcement as soon as feasible. The District has directly invoiced and is collecting the first-year assessment, since voter approval was too late for adoption under Sec. 197.3632, Florida Statutes for the 2014 year.

(E) The Fire Board held a duly advertised public hearing on December 20, 2014, for the purpose of taking public input and considering the adoption of Resolution No. 14-04 stating the District's intent to use the Uniform Method.

(F) The District has entered into the required Agreements with the Lee County Property Appraiser and the Lee County Tax Collector.

(G) The District has published a legal notice of the public meeting and hearing which was held on August 19, 2022, for the Board to take staff and public input and determine the amount of the total assessment needed; to consider the updated Fire District Operational Plan and Assessment Methodology Report; and to approve and confirm the Assessment Roll.

SECTION 3. UNIFORM METHOD OF COLLECTING NON-AD VALOREM ASSESSMENTS.

(A) The Fire Board of the District hereby:

1. Determines that the amount of **\$447,400 (net, after the 4% maximum early payment discounts)**, is needed to fund the Fire Services Non-Ad Valorem Special Assessment needs for year nine (tax year 2022, fiscal year 2022-23).
2. Reconfirms the assessment as set out in Resolutions 14-01, and 14-3 as updated in this Resolution; confirms that the amounts assessed are necessary for the provision of such services; confirms the assessment methodology as set out in the updated Upper Captiva Fire District Operational Plan and Assessment Methodology Report; and reconfirms that the Assessment conveys a special benefit to the real property located in the Assessment Area in the amounts indicated in the Assessment Roll.
3. Adopts, confirms, certifies and levies the non-ad valorem Assessment against real property in the Assessment Area, as set forth in the Assessment Roll (a copy of which is attached hereto as Exhibit B and incorporated herein), said Assessment Roll also being adopted hereby.
4. Requests that the Lee County Property Appraiser and Lee County Tax Collector include this Assessment in the Uniform Method system under Chapter 197 and Section 197.3632, Florida Statutes.

SECTION 4. TRANSMITTAL. Upon adoption, the District Fire Chief, or his designee, is hereby directed to certify and to deliver a copy of this Resolution and the certified Assessment Roll to the Lee County Property Appraiser and the Lee County Tax Collector by September 1, 2022.

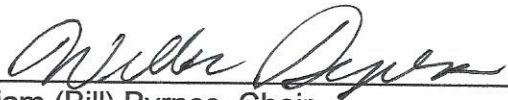

SECTION 5. CONSTRUCTION; EFFECTIVE DATE. This Resolution shall be liberally construed to effect the purposes hereof and shall become effective immediately upon adoption.

THE FOREGOING RESOLUTION WAS OFFERED BY COMMISSIONER A. J. LAVALLIE WHO MOVED THE RESOLUTION'S ADOPTION. THE MOTION WAS SECONDED BY COMMISSIONER MIKE FILIPCZAK AND, UPON BEING PUT TO A VOTE, THE VOTE WAS AS FOLLOWS:

Commissioner William (Bill) Byrnes	<u>YES</u>

1.0 Introduction

1.1 Purpose

This report ("Report") provides an Assessment Methodology ("Methodology") to determine the Fiscal Year 2022-2023 Assessment Lien Roll for the Upper Captiva Fire Protection and Rescue Service District Board of Commissioners ("BOC") to assess property owners within the District according to their benefit received from the additional operations cost ("Operational Plan") that continues the expansion of the fire department personnel by two firefighters – both with EMT-P Coverage and one with ALS Certified EMT-P status. The coverage is for 24 hours/7 days a week/366 days a year. The costs also include expenses related to the Operational Plan. The Methodology described herein has two goals: (1) determine the special benefits that flow to the properties in the Operational Plan, as a logical connection from the Operational Plan, including enhanced use and increased enjoyment and safety of the property; and (2) apportion the special benefits on a basis that is fair and reasonable.

The BOC plans to fund the Operational Plan with proceeds from special assessments that will be levied on the benefitting properties. The non-ad valorem special assessments are intended to satisfy the case law requirements for validity which will permit such assessments to be collected under the Uniform Assessment Collection Act and constitute a lien against the properties within the boundaries of the Upper Captiva Fire Protection and Rescue Service District ("District"). Such lien will be equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. The Methodology described herein is intended to set forth a framework to apportion the special benefits from the Operational Plan financed with the proceeds secured by non-ad valorem special assessments (the "Assessments") imposed and levied on the properties. The report is designed to conform to the requirements of the Florida Constitution and Chapters 191 and 197, Florida Statutes with respect to non-ad valorem assessments and is consistent with the case law on this subject.

This Report follows the requirements and procedures set forth in the District's Master Assessment Methodology Report ("Master Methodology Report") dated February 13, 2014 and adopted by the District's BOC.

2.0 Operational Plan Assessment Methodology

2.1 The Assessment Process.

As noted above, the assessment methodology is a process by which the District will allocate the costs associated with the Operational Plan to properties within the District that benefit from the Operational Plan. The allocation is based upon the benefits that each property receives.

The District will impose assessments on parcels of land within the District boundaries. The numerical analysis provided below is illustrative of the Methodology. Since actual costs may vary from the estimates, the actual figures may change as additional information becomes available. The information provided is the best available at this time.

2.2 The Determination of Properties Receiving Special Benefit

All property within the District that receives a special benefit from the District's Operational Plan will be assessed its proportionate share of the cost of funding the Operational Plan.

The list of property types that could potentially receive benefit are shown in Table 1 below. These property types were determined by field studies, reliance of aerial maps from Lee County and a thorough review of the parcels involved in the District.

2.3 The Method of Apportionment of the Assessment

As noted above, as long as two basic principles are adhered to, Florida law allows the BOC great latitude in determining the appropriate methodology to allocate the costs of its Operational Plan to benefiting properties in the District. The two principles are: (1) the properties being assessed must receive a special benefit from the Operational Plan and (2) the assessments allocated to each property must be fairly and reasonably apportioned among the benefiting properties. In allocating the amount of special assessments to benefiting property, Florida governments have used a variety of methods including, but not limited to, property footage, parcel area, trip rates (when the benefit is motor vehicle related like roads), equivalent residential units, dwelling units and acreage.

Those methods directly relating to the Project were identified and include:

- Size of parcel; and
- Vacant parcel versus built upon parcel.

Special benefit was discussed in detail in Section 1.3 of the Master Methodology Report. Therefore, the focus in the remainder of this section is on fair and reasonable apportionment of the District's plans to fund its additional manpower Operational Plan. All of the benefits from the District's Operational Plan are equitably allocated to benefiting properties based on the size of the property and whether the property has a dwelling unit situated on it. The determination of benefit received to the parcels of land located within the District begins with consideration of the benefit received by a typical parcel of land from the District's Operational Plan. In assigning potential assessment values to the parcel types within the District, some factors were considered. First, equal assessments were not considered by the Consultant as they would not pass the fair and equitable test so that method was eliminated. Second, the size of the parcel was considered by the Consultant and determined to be one of the fair and equitable ways to levy assessments since all of them would receive some benefit from having additional firefighters on staff. The benefit of having staff ready and available is again predicated on the size of the parcel as larger parcels would need more firefighters to attend to any blaze such as a wildfire that arises. In addition, all parcels would be more marketable if they are insurable due to the higher fire rating.

The Consultant also determined that parcels with structures on them would receive an additional benefit due to the fact that those dwelling units would have habitants from time to time if not full time and therefore would receive additional benefit of having Firefighters with Emergency Medical Training on staff and would also benefit from the lower fire rating with reduced fire insurance premiums.

To determine the mathematical formula to calculate the assessment for each parcel within the District, the Consultant first took all of the parcels within the District then reviewed them for consistency in terms of receiving benefit from the Operational Plan. The Consultant identified the following parcel groups that were eliminated from receiving benefit for the reasons listed after each description. The following parcel groups were analyzed and included or eliminated:

PROPERTY GROUP A: 696 improved and unimproved properties. Total area = 216.20 ac +/-. All would derive some benefit from an assessment. All Common Element properties have been removed from this property classification.

PROPERTY GROUP B: 37 boat slips. Total area = 0.52 ac. All would derive no benefit from the assessment due to their use and small size, they are excluded.

PROPERTY GROUP C: 45 submerged or unbuildable properties. Total area = 20.10 ac +/-. All would derive no benefit from the assessment. They are excluded.

PROPERTY GROUP D: 10 tax-exempt properties. Total area = 22.51 ac +/-. They are all tax-exempt 501-C3 organizations pursuant to IRS regulations. Therefore, they are excluded.

PROPERTY GROUP E: Private airstrip. Total area = 6.79 ac +/-. Unique in that it contributes more benefit than it derives. (mowed grass airstrip with most vegetation removed and runs from Gulf to Sound; provides fire break between properties to its north and south; provides landing area for emergency medical evacuation aircraft).

PROPERTY GROUP G: 57 Government-Owned Properties. Total area = 401.03 ac +/-. These properties are owned by various governmental agencies thus they are tax/assessment exempt. Since these properties lay within District boundaries, the District may want to explore the possibility of seeking monies from these various government entities to assist in funding operations or capital improvements.

Reference: Lee County Property Appraiser ("LEEPA"). As updated May 25, 2022.

There were minor changes in parcels from last fiscal year's assessment roll. No parcels changed classification from last fiscal year's assessment roll. In the Group A parcels (parcels that receive assessments), there was one parcel that was combined with another so it was deleted from the LEEPA assessment roll and the existing parcel doubled in acreage. A second parcel (a beach parcel owned by seven (7) property owners and used as beach access) was deleted from the LEEPA assessment roll after the property owners queried LEEPA and had it removed. There were no other parcel changes to the UCFD assessment roll. The two (2) aforementioned deletions account for difference in total parcels from last fiscal year as shown in Table 2 below.

Table 2. Parcel Changes by Group.

	2022 Parcels	2021 Parcels	Variances
Group A	696	698	-2
Group B	37	37	0
Group C	45	45	0
Group D	10	10	0
Group E	1	1	0
Group G	57	57	0
	846	848	-2

After removing the non-benefitting properties from the assessment analysis, the Consultant took each of the parcels in Group A as determined by the Lee County Property Appraiser data and listed them alphabetically by parcel owner.

From there, the Consultant first determined the number of parcels that had structures on them. Of the 696 parcels identified that are receiving benefit, 371 of them have structures on them. That amounts to 54.17% of the parcels having structures on them.

The Consultant then apportioned the total assessment to all parcels at 46.85% and to the parcels with structures at 54.17%. See Table 3 below.

Table 3. Percent Calculation of Structures Versus Blank Parcels

Number of Parcels:	696
Number of Structures:	377
Percent with Structures:	54.17%
Amount for Assessment:	\$447,400.00
Apportionment to Parcels:	\$205,058.33
Apportionment to Buildings:	\$242,341.67
	\$447,400.00

Using the \$205,058.33 amount for parcels, the Consultant then summed up the total acreage of the parcels and calculated the percentage of each parcel's acreage in relation to that total. The total apportioned amount for the parcels was then apportioned by each parcel's percentage to determine each parcel's land assessment.

The Consultant next took the \$242,341.67 amount for parcels that had structures on them and summed up the total square feet of structures and calculated the percentage of each structure's square feet in relation to that total. The total apportioned amount for the parcels with structures was then apportioned by each structure's gross area percentage to the total to determine each parcel with structure's assessment.

The consultant then added the two sub-assessments to determine the final apportioned assessment for each parcel receiving benefit within the District. The assessments were then grossed up by 4% to account for early payment discounts.

The FY 2022-2023 mathematical net and gross assessment determination for the Project's \$447,400 is shown in the attached assessment roll for each parcel.

3.0 Assessment Roll

As described above, the expenses associated with the District's Operational Plan will be assessed in the manner described herein and is fairly and reasonably apportioned according to the benefit received for each parcel.

This assessment roll is being presented to the BOC for final adoption.

Appendix A shows each of the 696 parcel owners, parcel identification (Strap) numbers, the size of each parcel, and the size of the structure on each parcel if there is one on that parcel to determine the total assessment to be levied against each parcel. The total amount for the Operational Plan may change in future years as may the number, type, size of a parcel and/or whether a parcel adds or loses a structure. Therefore, the assessment apportionment will have to be recalculated each year using the same assessment methodology.

Appendix B shows each of the parcels not being assessed by Property Group and by parcel owner, parcel identification (Strap) number, GIS acres, Gross Building Area and Site Address.
