

December Chief Report

- Emergency calls YTD- 57
- Open house was successful.
- The district has parted ways with Crystal for finance manager. Her daily duties do not allow for time the district needs. I will be performing her duties with the guidance of Duncan and Bill. Payroll has been simplified with QuickBooks online. I am hopeful I can find an employee who can or is willing to work minimal hours and can complete the necessary duties needed.
- Hartford reimbursement discussion. See paperwork.
- We have had a couple of resignations due to personal reasons not district related. I do my best to retain firefighters. We have already replaced the resignations.
- SHC updates. (Verbal)
- FEMA- I have been working with the mitigation department for flood mitigation for future storms. I believe we are in the final phase. Please see below

the shared cost. We would be responsible for the 25% how we obtain those funds I have not explored any options yet. These barriers would be for the station only not garage. 4 bay doors and 4 steel doors. I do not believe this would make the station watertight simply because we are not concrete building. Would it help I say yes but again not watertight in my opinion.

- **CRC Gross Cost:** \$189,276.25
- **Total 406 HMP Cost:** \$67,937.24
- **Total Insurance Reductions:** \$0.00
- **CRC Net Cost:** \$257,213.49

This net cost is split as follows:

- **Federal Share (75% – FEMA):** \$192,910.12
 - **Non-Federal Share (25%):** \$64,303.37
-
- FEMA- Still supplying invoices to them and signing documents to hopefully receive reimbursement.
 - The tractor either needs to be barged off island and repaired, or we need to purchase a new/used unit. The hydraulics are inoperable. We requested

a quote for FEMA and submitted. I will have to see if the quote is still valid. It was just under 50K.

- The state investigation is progressing in the proper direction I do not believe there is anything to be concerned with.
- ISO needed some additional information which has been provided I will provide an update next month.
- I believe community involvement is important I will continue to stay active within the community. We will lead the Golf Cart Parade Christmas Eve and New Years.
- Comments Questions Concerns.....
